## 2022 District 68 Tournament COVID Policy

In the event a Player, Manager, or Coach tests positive for COVID and has attended an All-Star Tournament practice, off-field event, or game, the District 68 Policy shall be followed.

or

If any Player, Manager, or Coach shows symptoms of COVID infection, the person must take a home test and, if the home test results are positive, the District 68 Policy shall be followed.

This policy is based on recommendations handed down by the CDC and the County of Orange.

### 1) If a Player/Manager/Coach tests positive for the COVID virus, that individual shall:

- a) Not participate in any team events, on-field or off-field.
- b) Isolate a minimum of five (5) days until they feel better and test negative using a home test. DAY 1 shall be counted as the day of the positive test.
  - i) If they test negative, they may return to their team functions once proof of a negative test is provided to the League/District.
  - ii) If they still test positive, they may retest on subsequent days until the test is negative, and they may return to their team functions once proof of a negative test is provided to the League/District.
- c) If the individual does not retest, then they can end isolation on DAY 10 if symptoms are gone and they may then return to team activities.

### 2) If a Player/Manager/Coach tests positive for the COVID virus, the remaining team members shall:

- a) Quarantine for five (5) days before resuming All-Star activities. DAY 0 shall be the date the team member found out they were exposed. DAY 1 shall be the following day. All team members with no symptoms after the five-day quarantining period may resume team activities.

or

- b) Each remaining member shall take a home test the day prior to their next All-Star activity, if:
  - i) Negative, each member testing negative may participate in the next event once proof of the negative test is provided to the League/District.
  - ii) Positive, each member testing positive will enter positive protocol listed in Section 1 above.

**Players may be added to the Affidavit at any time if there are less than 14 players listed. If adding players will increase the roster size above 14, members will need to be scratched from the Affidavit. Once scratched, a player may not be returned to the Affidavit.**
